

FOLIC ACID 800 MCG

CARDIOVASCULAR HEALTH AND HEALTHY FETAL DEVELOPMENT

- Prevents neural tube defects, spina bifida in fetal development
- Lowers homocysteine levels, supporting cardiovascular and mental health
- Meets USP (United States Pharmacopia) standards
- Necessary for red blood cell production, and protein synthesis
- **Gluten Free**
- **Contains no artificial flavors, colors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.**

Folic Acid, also known as folate, is found naturally in leafy green vegetables, whole grains, beans, orange juice. However, it is easily destroyed in food processing and cooking. Supplementing this crucial nutrient is advised, particularly prior to conception and during the first 4 weeks of pregnancy. It is required for healthy heart and red blood cells and is important for optimum vitality and health.
